

# A Road Trip for

# Weekend Romance

## FRIDAY

What says romance better than a custom-designed, one-of-a-kind gift? Send the ultimate gift of thoughtfulness with that special item you won't find anywhere else at the **Downtown Artists Co-op**, **Seasons: The Museum Shop** or **Journey's Eye Studio**. Most items are locally crafted by Clarksville artists -- you might even meet them in the store.

Set aside all the distractions and enjoy a leisurely hand-in-hand stroll along the serene **Cumberland RiverWalk**. Time it just right and you can watch a **spectacular river sunset** from the shore or a swing.

Reserve a table at **Edward's Steakhouse** where steaks share the menu with pastas & sandwiches in a polished setting with exposed-brick walls. Weekends feature a live piano bar.

Across the street, catch live professional theatre at the **Roxy Regional Theatre**. You'll find a variety of productions slated throughout the year. They also offer Dinner-and-Show tickets with Edward's on certain performances.

In winter months, enjoy the captivating street lights and **Holiday Ice** (outdoor ice skating) at Downtown Commons.

## SATURDAY

Begin your day with Brunch at **Silke's Old World Bakery**. Here you'll find delectable German pastries, breads, pizzas, meat & cheese plates, salads, sandwiches are more. Plus, you can buy whole loaves of your favorites and plenty of delectable treats to enjoy later.

Head out to **Beachaven Vineyards & Winery** for a tour and tastings. Dozens of award-winning wines are at your fingertips, plus you'll want to allow some extra time for the amazing gift shop.

Enjoy dinner at the **The Looking Glass Restaurant**. This veteran-owned European-American café serves artistic, freshly-created dishes.

In summer months, head back to Beachaven for **Jazz on Lawn** on select Saturday evenings for wine and live jazz under the stars.

Or, catch a concert with the **Gateway Chamber Orchestra**, **Cumberland Jazz Band** or any of several live concert series happening throughout the summer months.
